son by the Helianthus club was given Tuesday right at Kellam hall. Some of the new spring gowns were worn at the dance. An out-of-town guest was Mrs. Jens Bugge, who is moving to Los Angeles, Cal., and is stopping in Topeka a few days on her way west. She was gowned in white satin, with bodice of American beauty satin, the gown being draped in black beaded net. Mrs. Chauncey Dewey of Manhattan, who came to Topeka for the party, was gowned in white satin, the costume being made according to the new close fitting style. Mrs. E. A. Campbell wore white taffeta, with scalleged edges, heavily trammed with lace. Mrs. E. S. Quinton was gowned in blue satin combined with silver net. Miss Mildred Fuller wore white lace, voiling white satin, and trimmed with cosebuds. Mrs. Helen Spielman's gown was of white net. Miss Altha Watson wore pink chiffon made with silver trimming. Miss Jessie Burnett wore a white gown solidly ruffled from shoulders to hem. The gown flared at the hem, making the costume beil shaped.

How Firemen Discovered Edna Dinsmore in Cellar.

Dragging Hose Out of Basement When They Saw Her.

ACTUAL DISCOVERY AT 10:55

Police Were Notified at 11 O'clock, Five Minutes Later.

Facts and Time Will Play an Important Role in Trial.

An interesting story, and one which will play an important part in the trial of Fred Bissell, if he is brought to trial for the murder of little Edna Dinsmore, lies behind the discovery of the little dead body and the exact ime the police and county officials were notified of the crime, for records will doubtless be brought to the atten tion of the court to establish the exact

tion of the court to establish the exact time the fire was discovered and the officials notified.

The telephone alarm was received at fire headquarters at exactly 10:15 yesterday morning, and the water gauge shows that the water pressure was on just 25 minutes. This brings the exact time to 10:46 and the body had not yet been discovered.

Fifteen minutes later, Frank Cunningham, a fireman of No. 4 engine house, who had been sent into the basement with three other men and a line of hose to put out the fire in the basement called out as they began dragging the hose out of the cellar, "Hold on there, I believe there is a body down there."

Discovery at 10:55,

Discovery at 10:55.

Fire Chief Hanlon and Assistant Chief Waldelich at once entered the cellar and the discovery was made that the little body lay at the foot of the stairs about six or eight feet away from the fire. This brings the actual time of discovery to 10:55. Chief Hanlon immediately rushed to a telephone and called Chief of Police Harvey Parsons and attempted to get the coroner. This occupied fully five minutes so that it was eleven o'clock actual time before the police were notified of the crime.

CHIROPRACTIC

Mean to You? Read This Thoroly-

The word Chiropractic (pronounced Ki-ro-prak-tic), means done with the hands. The science of Chiropractic is based on the fact that Nerve Energy is the life giving force to the Body-any interference with which, produces a condition called disease. The trunk nerves pass from the spinal cord through the openings between the Vertebra of the Spinal Column, to All Tissues of the body. Therefore it will be seen, any displacement of those bones will cause an interference with the normal nerve force. It is our business to locate and remove these displacements which will restore Normal Conditions; which means Health.
